BOOST YOUR PROTECTION!

All Delawareans 16+ should get a COVID-19 vaccine booster.

COVID-19 vaccines are incredibly effective against death and hospitalization. But due to new and existing variants, as well as decreasing effectiveness against the virus over time, it may be time to boost your protection. **Find out if you're eligible and schedule your COVID-19 vaccine booster.**

ARE YOU ELIGIBLE TO GET A BOOSTER?

Received both doses of Pfizer	**Yes,** if you are 16+ AND it has been **six months** since your second dose.
Received both doses of Moderna	**Yes,** if you are 18+ AND it has been **six months** since your second dose.
Received Johnson & Johnson single dose	**Yes,** if you are 18+ AND it has been **two months** since your first dose.
